

GRIPPER COUPLINGS

- ❑ KLAMFLEX Gripper Couplings are designed to resist end pullout on PE and PVC pipes, it is the fastening action of the Gripper Rings that secures the Coupling onto the pipe resisting end pullout.
- ❑ KLAMFLEX Gripper Couplings are manufactured from Ductile Iron, Gasket material is EPDM, Gripper Ring material is Brass, and coating is Fusion Bonded Epoxy.
- ❑ Sizes are available for the following pipe outside diameters:

NOMINAL BORE (mm)	PIPE OD RANGE (mm)	APPROX MASS (kg)
50	63	7
80	90	11
100	110	13
150	160	25
