

KLAMFLEX JUNIOR COUPLINGS

■ A small bore product range specifically designed for use on plain ended steel service lines, comprising of:

	SIZE RANGE
• Junior Straight Couplings	15-50 mm
• Junior Straight Couplings with Integral gripper rings	15-50 mm
• Male/Female Junior Couplings	15-50mm
• Male/Female Junior Couplings with integral gripper rings	15-50 mm
• Junior Tee Pieces	15-25 mm
• Junior Tees with integral gripper rings	15-25 mm
• Junior Repair Clamps	15-50mm
• Junior Repair Clamp with Tee Outlet	15-25mm

■ All products feature cast construction & galvanised finish for long term corrosion protection. An extremely simple jointing method which eliminates the need for on site pipe threading.
